HUGS was developed by a clinician, for clinicians. How we operate.....

We avoid red tape

We don't work with 3rd party payers

We don't accept "strings attached"
money

We allow clinicians to focus on what
they do best

We invest in the next generation of
quality clinicians by providing
superior supervision and exceptional
clinical experiences.

Who Are We?

Heads-Up Guidance Services (HUGS) is a non-profit organization making professional behavioral health counseling & addiction recovery services accessible to all motivated individuals who desire growth, independence, and emotionally healthy lifestyles.

HUGS utilizes socially conscious and compassionate clinicians to meet community needs through their pro-bono services.
